### CASH SALES

Buyers paying with cash generally indicates investor activity.

However in times of low inventory Cash Sales can also increase due to Buyers being required to put together extremely competitive offers.

Most home buyers require a mortgage, so any significant change in Cash Sales is of interest.

## CLOSED SALES By Price

For better insight into market trends, it is important to look at each price point separately.

While the work of selling a high or low price point is much the same, the timeframes and number of listings can be considerably different.

You also need to be mindful when the number of transactions is very low, such as currently homes under \$150,000.
